

In order to conserve water, Windermere Water and Parr Utilities have adopted the Regional District of East Kootenay watering restrictions for the months of May through October.

We are asking that residents restrict the amount of water used for watering lawns and gardens. Watering times will be restricted to the cooler parts of the day from 6:00am - 10:00am and 7:00pm - 11:00pm on alternating days as follows:

- Residents living in even numbered homes may water on Tuesdays, Thursdays and Sundays.
- Residents living in odd numbered homes may water on Mondays, Wednesdays and Saturdays.

We would like to thank-you in advance for your understanding and co-operation.
