Effective: August 1, 2011
Filed: July 26, 2011

Secretary to the Comptroller

Schedule B

Contribution in Aid of Future Construction

Where as a result of premises becoming qualified as authorized premises a greater number of units require or may require service from the utility, thus utilizing waterworks capacity presently or in the future, then, upon application for an extension of service, in addition to the connection charge and any main extension costs, the charge shown below shall be paid.

For each domestic service premises
qualifying as authorized premises \$3,500.00

Effective Date: March 25, 2009

Notes:

1. For other than a single family premise, the charge shall be calculated on a SFRE basis.
2. Monies collected are to be deposited to the Utility's Deferred Capacity Reserve/Trust Fund and may only be released with the written authorization of the Comptroller of Water Rights.
3. For the purposes of this Schedule, townhouses and side by side duplexes are each equivalent to one (1) single family premise.
